Homework

Install XAMPP and start your MariaDB server. Then, do the following tasks:

1. Create a database with the name "CSE370"
2. Create a table in that database. Table name should be "lab_grades". The table should have the columns exactly as the table shown below.
3. Insert data into the table from the following table.

Std_ID	Name	Major	section	Days_present	Project_marks	CGPA	Submission_date
s001	Abir	CS	1	10	18.5	3.91	2018-09-15
s019	Naima	CSE	2	12	20	3.7	2018-08-14
s002	Nafis	CSE	1	12	20	3.86	2018-08-15
s003	Tasneem	CS	1	8	18	3.57	2018-09-18
s004	Nahid	ECE	2	7	16.5	3.25	2018-08-20
s005	Arafat	CS	2	11	20	4.0	2018-09-13
s006	Tasneem	CSE	1	12	17.5	3.7	2018-08-15
s007	Muhtadi	ECE	1	10	19	3.67	2018-09-16
S008	Farhana	CSE	2	6	15	2.67	2018-08-16

You have to submit the queries in the following google form:

[Click here to submit the homework](#)

Solve all the problems in your machine, and then submit the queries in this form. You can submit only once.

You need to use your g-suite email to access this form.
